

Name _____

You will be searching for a good restaurant in Wien, but unlike Udo, you'll use the internet to find it!

--> Go to tripadvisor.at (in German). Click on the Restaurant tab, then type "Wien" into search bar.

You are trying to find a reasonably-priced restaurant serving local, traditional cuisine to go to for dinner. On the left, you will have various filter options. Choose the following options to narrow your choices:

Art des Gastronomieunternehmens –Click on Restaurants

Küchen und Gerichte - Click on "mehr" and then check "österreichisch" and click on "Bestätigen"

Diätetische Einschränkungen – If you have any dietary restrictions, click on any option you might need.

Speisen - Click on "Abendessen" (dinner)

Preis- Click on "Mittelklasse"

Scroll through your options and find a restaurant that looks good. Look at the pictures to help you choose.

The place you pick must have a website (look at the top of the page next to the phone number for a website icon).

The website also must have a menu online with prices. (Menu = die Speisekarte).

- Does the restaurant have a website with a menu with prices? _____ *If no, then you have to find a new place!!!*

1. What's the name of the restaurant? _____

2. How many stars (circles) does it have? How many people have reviewed it? _____

3. What cuisines (Küche) are served here? _____

4. What is the address? _____

5. What are the opening days/hours? _____

6. How many € signs does it have and what made you choose this restaurant? _____
